Key

Misc column: A = annual, B = biennial, C = climber, P = perennial, T = tree, S = shrub

Date columns: B = flower buds, F = in flower, S = at seed stage, M = many, N = no flower buds, flowers or seeds, R = leaves in rosette only

Page = page number in "The wild flower key" by Francis Rose

Flowering period: months of flowering

Cells merged when I'm unsure which of those two species

Sites visited

January: Apsley (churchyard and streets)

April: cancelled

May: College Lake near Tring

June: Hexton chalk pit (between Barton le Clay & Hitchin)

July: Towpath of Aylesbury arm of Grand Union Canal

August: Hilfield Park Reservoir (between Bushey Heath & Letchmore Heath)

September: Leavesden Country Park

October: Croxley Green pavements (New Road and Dickinson Sq)
