

### April Walk in Cholesbury.

Our walk was led by Chris Hodges. It was similar to the March 2024 walk but in reverse.

A group of 15 left the Full Moon in Cholesbury in lovely sunshine. There is a windmill behind the pub which we could see as we walked up the lane. Our walk took us through woodland where the bluebells weren't quite out but we were treated to some nice displays at other parts of the walk. The walk across the ridge gave us some impressive view so this is where the photo was taken. We ended at the Full Moon where we had a nice lunch in a private room.

All agreed that this was a lovely walk that we would like to do again.
