

December 2024.

You can't expect perfect conditions on a winter's walk and whilst it wasn't deep and crisp and even for our festive outing, and whilst it was rather overcast and despite having been very rainy in the preceding days, it didn't rain! We had a very enjoyable walk from Bovingdon down to and then along the canal before heading back up to Bovingdon via Little Hay golf course. The Bell - for the third year running - provided a really excellent festive lunch, delicious food and friendly ambience.
