

## January 2024 – The Cart and Horses, Commonwood

A wet day for this walk but 12 of us braved the weather as we followed a route down to Bottom Lane and along to Belsize.

We then walked up Ollieberry Lane and over to Flaunden before coming back to Belsize and up to Chipperfield. Having crossed the common and then taken the path through the woods, we returned to the pub for a very welcome and enjoyable lunch.

This figure of 8 route was a little over 6.5 miles and kept mainly to quiet lanes given the wet conditions.
