

## July 2022 – Red Lion, Little Missenden

On arriving at the pub we came across 2 other walking groups, one of which we encountered coming back in the opposite direction.

A delayed start as one of the group (no names) missed the turn to Little Missenden! 14 of us then walked just over 6 miles along the South Bucks Way following the Misbourne valley, past Shardeloes, into Amersham Old Town before looping back through the quaintly named Mop End to the village.

Again we were fortunate to have a dry day. Some lovely countryside with particularly good views as we returned through wheat fields towards the end of the walk. All stayed for lunch. Thanks again to Ray for the photos.
