

## June 2025.

A week after sub tropical weather made checking out the walk a challenge, a group of 9 met at the Crown in Ley Hill in far more temperate conditions for our June walk. We set off across the gently undulating fields heading towards Latimer. A combination of open fields, some shady woodland and of course a couple of steep inclines took us on a circular route along part of the Chess Valley path skirting the edge of Latimer House and back along fields. Our route had to end up on the road due to a couple of dangerous stiles as we headed back towards Ley Hill golf course. We were in need of refreshments and the Crown did a pretty good job with drinks and lunch.
