

July 2022

A smaller turnout this month as holidays took their toll with just 9 members sampling the wine - on the plus side each of us enjoyed the more generous portions.

Maggie and Angie provided the wines this month ranging in price from £7.99 to £34.99 (list prices).

The white wines were all of good quality and the group was split between the Brundlmayer G V 2018 (the most expensive) and the Santa Julia Torrontes (£8.99). Once again demonstrating that price is not the sole indicator of value!

Our first red wine turned out to be an orange wine – something quite different but unfortunately not popular but well worth a try!

The number one red wine was a Brazil Old Vine Zinfandel (£14.99) which everyone agreed was the best.
